

EDUCATION

Expected Graduation:
Aug 2027

Sept 2023 — June 2026

University of Washington
Masters in Human Computer Interaction and Design

California Polytechnic State University, San Luis Obispo
B.S. in Liberal Arts and Engineering Studies: Computer Science & Product Design
GPA: 3.8

EXPERIENCE

Jan 2025 — Present

Graphic Design Intern | ASPEN, Inc.

- Design ads for T&D World (~50K readership) and IEEE PES (~30K members) magazines, showcasing ASPEN’s flagship products (OneLiner, PowerFlow)
- Create brand styling guidelines and design leaflets for international conferences, supporting global outreach (5K engineers)

Jan 2026 — Present

Project Manager | CalPoly Iter8

- Manage and guide a design team in creating a website for Gemlato through Cal Poly Iter8, leading user research and usability testing

June 2024 — June 2025

Graphic Design Intern | Asian Liver Center at Stanford University

- Collaborated with stakeholders across two internship terms (Summer + Academic Year) to align ad designs with marketing objectives and student audience needs
- Led the design and prototyping of an AI chat website specific to HepB and liver cancer
- Produced 20+ graphics/animations to promote 8 health events
- Maintained the HepB Moms website, ensuring accessibility and consistent outreach

Oct 2024 — June 2025

UI/UX Designer | Hack4Impact

- Designed a responsive website for the Central Coast Heritage Tree Foundation, featuring distinct admin and volunteer interfaces.
- Created dashboards and data tables to log and manage tree and user information effectively.

Mar 2024 — Jun 2025

UI/UX Designer | CalPoly Iter8

- Conducted competitor analysis, user stories, and feature prioritization
- Designed a task-based messaging system
- Ran user interviews and affinity mapping to improve IA and UI in high-fidelity iterations
- Collaborated on A/B testing and user flows to refine early navigation and structure

Aug 2024 — Dec 2024

Web Project Coordinator | ASPEN, Inc.

- Collaborated with executives and a developer to redesign ASPEN’s corporate website, used by 750+ client organizations in 68+ countries
